The Fremont Nursery

BY EXPRESS OR FREIGHT, PURCHASER PAYING CHARGES.

SPRING 1925

There is still a great shortage in the supply of nursery stock in the country, probably less than 50 per cent of a normal supply except in a few items.

Notwithstanding that our prices last season were lower than many firms we have made reductions on many things for Spring. In comparing our prices with others be sure to compare the 10 or 100 rate which you can get on everything if your order amounts to \$10 or \$25 respectively so as to entitle you to the club offers below.

\$10.00 ORDER: If your remittance amounts to \$10.00, you may select all stock at the 10 rate, regardless of the number ordered. Owing to the high cost of packing small orders, those for less than \$10 must be at the single rate unless the number ordered of a kind entitles you to a lower rate.

CLUB ORDERS: If the total remittance to us amounts to \$25.00 we will give you the benefit of the lowest rate quoted on everything regardless of the number ordered. If you do not want that amount, cannot you combine with your neighbors and make up an order of that amount, and thus all get the benefit of the low rate? This will save you about one-third, besides it will reduce transportation charges proportionately. It will pay you well for your time to solicit orders from your locality at the single rate and get the trees at the hundred rate. We will put up each order separately, properly tagged, and ship all together.

NUMBER: Five trees of a kind as five apple or five peach, will be furnished at the 10 rate, and fifty at the 100 rate, five hundred at 1000 rate. Trees of different kinds, as apples, peach, pear, etc., cannot be counted together to get 100 rate, unless the total remittance amounts to \$25.00 as noted above.

TERMS: Cash or satisfactory reference. If you will send us good sound reference, we will ship your order and let you pay for it on receipt. We cannot send orders promiscuously without cash or reference.

SHIPPING DIRECTIONS: Always give full name and address and state how you wish your order shipped, whether by freight or express. We advise all small orders to be sent by express as a small order often dries out if sent by freight and delayed a few days. Berry plants should always be sent by express. We can send small fruit plants and small sized trees by parcel post, but postage would have to be added to the cost of stock. If postage is not included, stock will be sent by express.

LARGE ORDERS: Special quotations will be made on large orders. Write us stating the quantity desired and probable varieties. Special prices on apple, peach and grape in quantity.
